## RAISE ACT SCORES

“ *This program has given me more confidence. Whatever you don't know, these guys teach you—right down to the basics. This program has done a lot for me; I'm sure I'm going to do my best on the test...I want to pick the best, because I'm one of the best.* ”

-Lincoln, Compton HS student, Compton, CA

“ *At Urban Prep, we have a 100% college acceptance rate. Working with Revolution Prep has really helped us prepare our students for the ACT and provide them with the guidance they need in order to score the highest they can possibly score. Revolution Prep has generously come into our school to help support our students as they take that long march to college; this has been tremendously important to us. In fact, the success that we're having at Urban Prep could not be possible were it not for the good people at Revolution Prep.* ”
